

# A little bit of Feng Shui Black Hat Magic to fix the cash flow...

- ▶ Feng Shui is an Ancient Chinese Wisdom that allows you to manage the Energy in your Home to achieve desired results
- ▶ There are 9 areas within your home
- ▶ Chi (the flow of energy) moves around these areas
- ▶ It's quick and effective with a little bit of help.

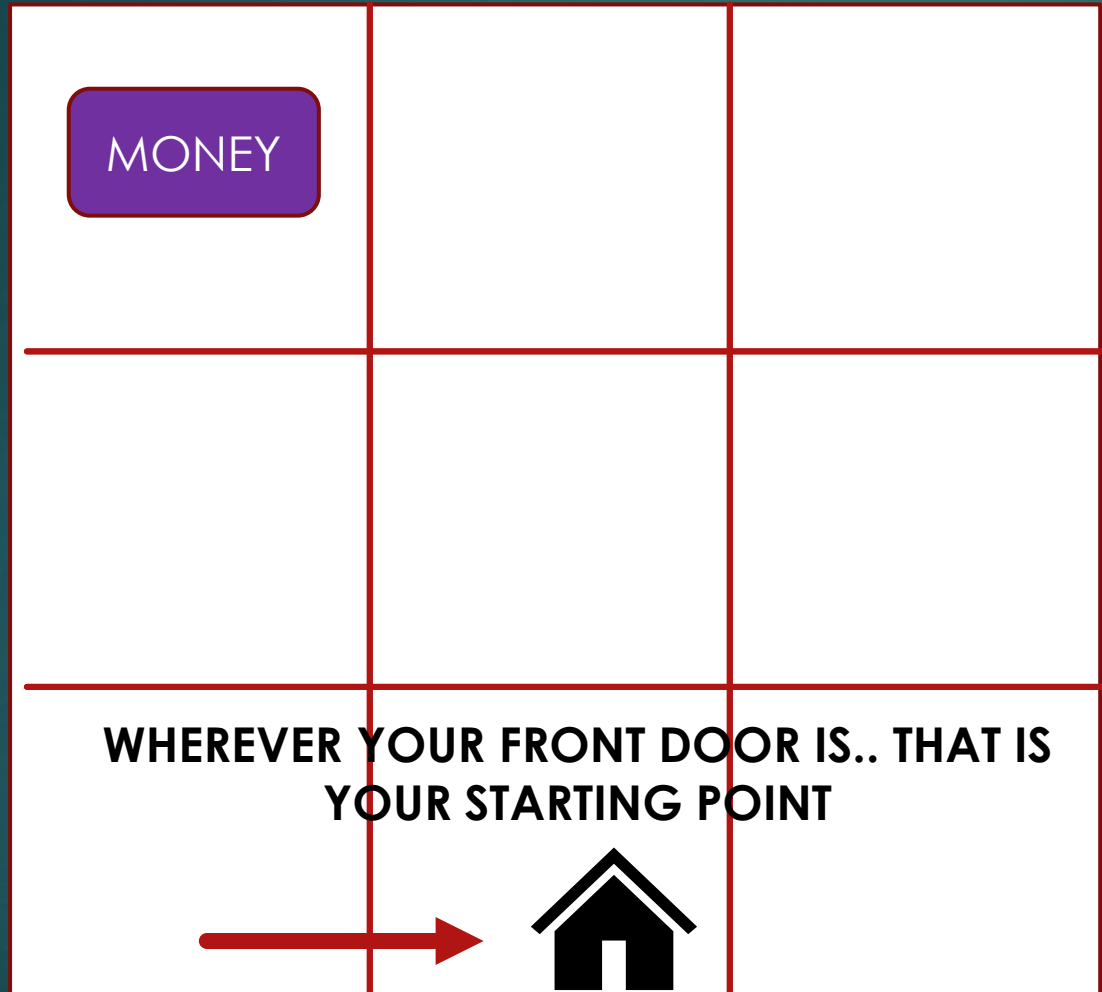

# The 9 areas of your home

YOUR FRONT DOOR IS ALONG THIS WALL SOMEWHERE

# The 9 areas of your home

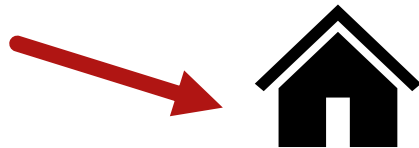

# The MONEY AREA

MONEY

Your Money area is in the far left of your home as you walk in the front door.

Head straight there.  
We have work to do..

DOES IT LOOK LIKE THIS ...

# WHAT'S IN THE SPACE ...

1. Take a good look at this area
2. Is it being treated like a rubbish dump?
3. The first word that springs to mind will usually indicate your relationship with money  
Eg. It's a hot mess! It's never used properly...  
You get the picture.

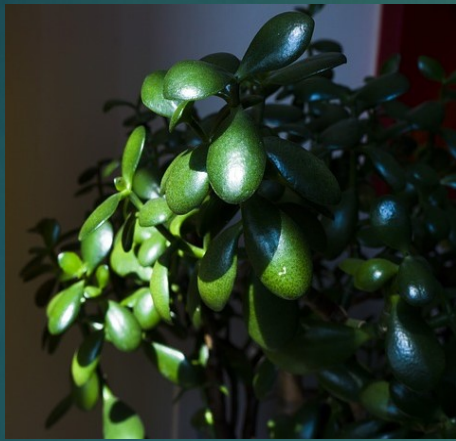

So.. First step is to clear it up and clean it out  
Next... the magic part

*(Tip – if a toilet is in your money area - clear out the clutter, keep the toilet seat down, keep the door closed and tie red ribbon around all downpipes – we don't want that money flushing away)*

# LET THE MAGIC IN ...

1. Place symbols of money in the area with the clear intention that money needs to start working for you.

Jade plant / money tree

A nice lump of citrine (the Merchants stone)

A Money Jar  
Your loose change/  
piggy bank.  
Something to  
collect money in ..

The colour of  
MONEY is purple.  
Grab your purple  
stuff and put it here

# GIVE IT SEVEN DAYS...

If seven days have passed and no change you need to do more work...

I highly recommend this book by Kathy Rauch carter - Move your stuff, Change your life. It's one of my go to books of all time. What's more is that she is completely relatable with a wicked sense of humour.
